HQ8 Stretchtent

Built to last, made to connect.

Qtents.com

**Qtents** offers high-quality, durable stretch tents for events, hospitality, and outdoor spaces. Our tents combine modern design with exceptional weather resistance and are built for intensive, long-term use. Thanks to smart modular connections, you can easily create any configuration — from an intimate terrace to a large-scale event.

## Discover our stretchtents

Qtents stretch tents combine elegant design with reliable protection against all weather conditions. The high-quality stretch fabric is UV-resistant, 100% waterproof, and comes with a **5-year warranty**. Thanks to the smart modular system, multiple tents can be easily connected, while our custom options allow for any unique location or specific requirement. The tents are available in various standard sizes and six stylish colors, often ready for immediate delivery for quick service.

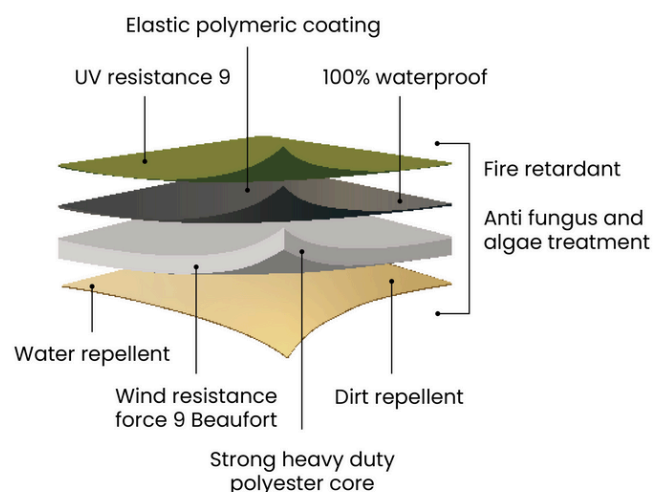

What truly sets **Qtents** apart is the quality and finish. Patented high-frequency welded seams, reinforced edges, and corners ensure maximum strength, long lifespan, and intensive reuse. Our stretch tents are entirely designed, engineered, and **manufactured in the Netherlands**, allowing us to respond quickly and deliver both standard and impressive custom projects. With Qtents, you choose craftsmanship, flexibility, and a canopy built to last for years.

## Stretch Fabric Composition

- Strong polyester core for heavy-duty use.
- **100% water-repellent** top coating.
- Resistant to wind speeds up to **9 Beaufort**.
- Top and bottom sides feature the same color, with the underside having a true textile look.
- Fire-retardant: **M2 / B1 – NF P92-503 – DIN 4102-1**.
- Treated against mold and algae.
- UV-resistant: **level 9**.
- Full-color logo printing possible on the inner side.
- Weight: 750 g/m<sup>2</sup>.

## Dimensions

- **Stock:** 8 standard sizes available from stock.
- **Standard:** From 4.5 × 4.5m, expandable on request in 1.5m increments.
- **Non-standard:** Square or rectangular, but dimensions differ from 1.5m modules.
- **Custom:** Any shape or size available on request.

## Colors

## Rigging
